“Where the mind is without fear
and the head is held high;
Where knowledge is free;
Where the world has not been broken up
into fragments by narrow domestic walls ...”

RABINDRA NATH TAGORE

The seed of success lies in the development of basic human character in child. The characteristics that define his personality and create a fuller human being in him. They have - command over Communication and Mental strength, Sportsmanship and Team Spirit, keenness to learn and experiment, an ability to appreciate various arts and a tendency to acquire further knowledge in various sciences or arts to make a living in addition to this, an attractive personality and knowledge of social etiquettes further enhances his chances of success in today's world. To achieve this end, **Khudiram Bose Central College** under the able guidance of the governing body of the College has created a comprehensive infrastructure and has combined it with an environment conducive to the development of each area of child's persona, with an objective of creating a scientific attitude, a creative bent of mind and a sensitive human being in him/her.

Special thanks to

Sri Asok Chaudhuri

President, Governing Body for his blessings, support, guidance and affection.

WELCOME TO KHUDIRAM BOSE CENTRAL COLLEGE

Principal's Address

Dr. Subir Kumar Dutta
Principal

2016 was a landmark year for our college. We got accredited by NAAC and secured B grade. The NAAC peer team members shared their implicit faith in the future development of the college and were very positive that this college played a central role in the well being of its stakeholders.

The college also celebrated with much grandeur Sixty years of revival of college on 16th January, 2017 the college took out a procession that originated from the college gate, went all the way to University of Calcutta (College Street Campus) and returned to college. All teaching, non-teaching and students of college took part in this procession. The president of our Governing Body was also present in the celebration.

Now we have a rich past, a glorious present and a bright future. Khudiram Bose Central College is marching ahead with its motto of self-reliance and providing quality education to all, irrespective of caste, creed, religion, economic status or physical health. In order to fulfill this objective, many developmental programmes were initiated during the preceding years keeping in tune with the changing scenario of education. We believe in academic excellence of students and our teachers are well versed in the latest teaching methodologies to facilitate the students through their three years of under-graduate learning. The various departments of the college arrange different seminars where subject experts come and interactive sessions are held. Even few departments of the college arrange student seminars and student classroom presentations in order to boost-up their confidence level and personality development. I would also like to highlight the fact that we take into consideration the requirement of students beyond the scope of the syllabus. **The Career and Placement Cell and The Entry into Services Cell of the College** play an active role in ensuring the students and making them familiar with jobs and career advancement through various training, workshops and campus interviews. The members of the college office are always ready to extend their help to the students. The central library of the college is well-equipped with large number of books and journals for the use of students. The college is also very much concerned about security of the students. Fire security device and CCTV have been installed in different parts of the college. The college is not only keen about academic performance of a student but is also dedicated to ensure development of the human qualities of a student. Service to society is not only enhanced but diligently and religiously practiced in this college. The NCC and NSS units of this college cater to this objective. Students learn to shoulder responsibility through community service and this helps them to grow as members of the society. Apart from academics, Sports is another area where the college ensures maximum students participation. The students under the efficient sports committee of the college not only participate but also secure winners and runners-up trophy in various competitions held at university, district, state and national levels. The college is also the study centre of Post-Graduate courses under Directorate of Distance Education of Vidyasagar University.

Though the best is still to be achieved, I feel proud to say that the success rate of the students is on the rise. Wish all the students a very happy beginning of their Career. I wish students all success in their life.

PRINCIPAL KHUDIRAM BOSE (1853- 1929)

Founder of This College

Principal Khudiram Bose, the founder of Central College and School, was born on 12 May, 1853, at Sadipur village at Bardhaman district in West Bengal. He was born to Late Gorachand Bose and Late Nistarini Bose. He was of a middle class family and hence had to fight against poverty in his student days. He read in Bangla Pathshala of his village. He also studied at Tamluk Hamilton High School and at Free Church Institution (Du College). He was influenced by three sons of Bengal: Revolutionary Kalicharan Banerjee helped him to develop his faculties of reason; Brahmananda Keshab Chandra Sen moulded his religious beliefs and infused in him a sense of love for truth, and Pandit Iswar Chandra Vidyasagar showed him the path of self reliance. These human qualities were reflected in the thoughts and actions of our founder.

Principal Bose along with Rastraguru Surendranath served as the senior Professor of Mental and Moral Science and Logic in Metropolitan Institution (now Vidyasagar College) under Pandit Iswar Chandra Vidyasagar. On the death of Vidyasagar, Khudiram Bose founded the Universal Institution (Central Institution) on 3rd June, 1893. Inspired by the spirit of self reliance, our founder rejected any extraneous financial help for the sustenance of the institution. The college was founded in 1894.

Our founder was a man of independent spirit. Those were the days of Boycott and Swadeshi movements. It was not easy to conduct meetings without defying the British Government. Our founder allowed his college building to be used for this purpose. He allowed his pupil, Acharya P.C. Roy, to conduct Swadeshi Exhibition in his college. Central College was the place for freedom fighters Bagha Jatin (also an alumni of the institution), Baidyanath Biswas, Nirmalkanti Roy and others. Central College compound was the place for Rakhi Bandhan Ceremony. Our founder was one of the founder members of the Council of the National University, established with a national spirit after the movement against partition of Bengal in 1905. A man of towering personality, Khudiram Bose was an untiring worker throughout his life.

He identified himself with this institution and worked for it till the time of his death. He passed away on 15 December, 1929. "...his life was one of the strenuous exertion and ceaseless fight for the good cause which he had taken up.

Professor Tarak Nath Sen, an illustrious teacher of English, who taught at Presidency College (now Presidency University) said, The Late Principal Khudiram Bose, founder of the institution, belonged to a generation, now past, of large hearted men who lived after large ideals. The lessons he had learnt in the conduct of life from the great Pandit Iswar Chandra Vidyasagar, he applied to a noble social use in founding of this institution in 1893. Every year on 15 December (Founder's Death Anniversary Day), the college pays tribute by observing Khudiram Bose Memorial Lecture. On this occasion the Annual Prize Distribution of the college also takes place.

ABOUT THE COLLEGE

Location of the College:

Khudiram Bose Central College is situated on Bidhan Sarani. It is between Bethune College and Scottish Church School. As the college is located on the main road, the students of this college enjoy quick availability of transport to any part of the city. Another conveyance the students enjoy is the easy access to Metro Station and Bidhan Nagar Railway Station.

CU Affiliation:

Khudiram Bose Central College is affiliated to University of Calcutta.

UGC Affiliation:

The college has received UGC affiliation under section 2F and 12B of the UGC Act in 1965. Due to this the college has become eligible to receive central assistance and grants for further development.

College Hours:

Classes are held from 9.30 a.m. to 4.45 p.m. Office is open from 10.00 a.m. to 4.00 p.m. The College Library is open during the college hours.

Academic Session:

The academic session of the college is from July to June of next year. Classes for 1st year begin as per CU norms. Classes for 2nd and 3rd Year begin as per CU rules, within one week of the completion of theoretical examination under Calcutta University. Students of 2nd and 3rd Year have to take provisional admission before their classes begin.

Aims and Objectives:

The college always keeps in focus its motto self reliance. Every effort is taken by all the members of this college to enhance quality. The basic aim of our college is to provide the students with a need to face challenges in the job market. Every effort is taken to provide career guidance to the students. However, in its stride to equip the students with a sound career the college also builds humane consciousness in the students.

TEACHING METHODOLOGY

The teachers of this college take a deep interest in the academic orientation of the students. The basic objective behind teaching methodology is to maximise student performance. The teachers strictly follow the academic calendar prepared by them at the beginning of each academic year. There is a very healthy co-ordination between the teachers and the students and this facilitates learning. Another major advantage that helps the students is teacher accessibility beyond the boundary of the classroom -- the students are most welcome to come to the teachers any time, within the college hours, with their problems.

The teachers of this college gives priority to update its students by collecting data and information from internet and also insists the students to browse important internet sites related to their studies. Besides the teachers also have adopted following modern methods of making the classroom teaching more interesting and interactive. The methods are as follows:

Audio- Visual Presentation:

In order to make the learning process more interesting and interactive the classes are often conducted by the projector. For example, the department of History in the last academic session started a new process of learning by making their students presentation with the help of projector. Their theme was "**A Journey Through the Ages**" The classes of the department of Journalism and Mass Communication , Geography and IT part of Commerce are also being conducted with the help of computers. These departments have separate computer laboratories.

Educational Tours:

As per CU norms the Geography department of the college conducts an excursion tours every year for their students as part of their course requirement. But the department of Political Science and Education also started conducting educational tours since 2012. Last academic session, the department of History visited **Indian Museum** as part of educational tour. The department of English visited **Birla Museum and Technology**. The department of Political Science visited **Bidhan Sabha** and the department was joined by JMC, Hindi and Education departments of the college. Also another educational tour was jointly conducted by the department of Journalism and Mass Communication and Political Science to Birla Museum. Apart from Geography, these tours are sometimes totally financially supported by college and sometimes they are self-financed tours by the departments.

Inter departmental Programmes:

In order to enrich the campus life and develop quality teaching among the students, the departments like Journalism and Mass Communication and Political Science organised last year an extension lecture on Communication Theory . The lecture was delivered by Prof. Sourav Gupta, Koratput

iversity, Odisha. Besides the educational tours are also glaring examples of inter departmental working and collaborative programmes and provides the scope of knowing each other well and by building a sense of community participation among them.

Screening:

Another new mode of teaching adopted by few departments of the college is to show films to the students relevant and based on the theme related to their course. For example, the department of English organises Classic English Movies; the department of JMC prepares and shows documentary shortfilms. Last academic session the department of Political Science organised a film screening Madras Café for their students. This movie was also watched by the different departments of the college. In showing the movie, the JMC department assisted the Political Science department. Another example of inter departmental programmes.

Dramatised Version of Teaching:

The department of Hindi has adopted new process of teaching and learning in the way of drama enactment on a piece or novel based on and from their syllabus. For example, in recent past a drama was enacted by the department students on the piece named “**Bholaram ka Jeev**” . The drama was enacted on the occasion of Swami Vivekananda s 150th Birth Anniversary Programme.

Wall Magazine:

These magazines are for students. The students are assisted and insisted by the teachers to enhance their creative mind and talents in form of these magazines where they are required to search materials from internet, showcase thought provoking write-ups and information. Different department have their own wall magazines. The names of the wall magazines are as follows:

Department of Education ---- EDUCATUM

Department of Political Science ---- AGRADUT

Department of Journalism & Mass Comm. --- DIGANTA

Department of Commerce --- SAPTAPARNI

Department of Bengali ---- BANGLA BIBHAGIO PATRIKA

Department of History ---- UTTARAN

Department of Hindi --- ABHIVYAKTI

Department of English ---- MOHANA and also CHOKHER ALOE VISION BEYOND

(Since 2010, it started publishing its own departmental magazine in which not only English departments but also other departments are welcome to contribute to this magazine.)

INFRASTRUCTURE AND FACILITIES IN THE COLLEGE

Library :

The college library tries to provide information to the students for developing their sphere of knowledge. The collection of books in the library is in keeping with the subjects of humanities, science and commerce taught in the college. The total collection of library books is around 17,500 with the assistance of W.B. Govt. Book Grant and College Fund. There are books on various subjects of humanities, science, commerce and general studies. Books on different competitive exams are also in the library. The students who have Honours can issue up to five books and students in the General course can issue up to three books at a time. No other college provides this facility to its students.

Virtual and Smart Class Rooms :

The College has well equipped virtual and smart class rooms.

Kanyashree Prakalpa:

Monetary grant under Kanyashree Prakalpa of the Govt. of West Bengal is offered to girl students who fulfil the requisite criteria. Forms may be obtained from college office. Prof. Anamika Nandy, Department of History, is in charge of this unit.

Tutorial Classes:

Each department has Tutorial Classes for the students. These classes are very important as the students get maximum scope to clear their doubts regarding the subject. The teachers are also able to measure the academic performance of the students and help the students to get a better grasp of the subjects.

Remedial Coaching Classes:

The weak students belonging to the SC/ST/OBC category can avail the benefits of extra class under the Merged Scheme of UGC under XIIth Plan. These remedial classes give the students an opportunity to improve their area of study. Prof. Raja Ghosh and Prof. Priyanka Sengupta, Department of Geography jointly look after these classes.

Parent Teachers Meet:

The college arranges Parents Teachers meeting once a year for all the students. This meeting is held with a certain objective to make the parents/guardians aware of the performance of their wards. As the college believes in steady progress this meeting gives ample scope to the parents/guardians to put forward their views regarding betterment of the college. Frank interaction between parents/guardians and teachers and the principal help their wards to perform better. The department also holds parent teachers meet half yearly after the unit test exam of the college.

Counseling:

The college arranges counseling for students who cannot handle the pressure of their syllabus. Through counselling the student is able to overcome his/her problem.

Fee Concession:

There is a system of fee concession for needy but academically promising students. There is a committee to consider the issue of fee concession to needy and meritorious students.

Students Health Home:

Khudiram Bose Central College is an institutional member of Students Health Home. The college makes arrangement for the students to avail themselves of modern and free treatment facilities in the students health home at heavily subsidized rate. The nearest centre is S.A.Jaipuria College. The students get medical advice in different fields ---- Eye, Dental, ENT, Skin, Orthopedics, Neurology, Cardiology, Psychiatry, Gynecology, Medicine and Surgery. The health home is open from 4.00 p.m to 6.00 p.m. Monday to Friday and from 3.00 p.m to 5.00 p.m on Saturday.

Canteen:

The college has a subsidized canteen that offers a wide range of food. The college ensures that the quality of food is never compromised.

Students Union:

The college has a democratically elected students body. The students union and the college administration share a very happy relation and the union plays a major role in maintaining healthy atmosphere in the college. The suggestion and opinions of the students union are instrumental to the development of the college. This body also plays a key role in ensuring that students maintain discipline in the college.

The students union of this college plays a very positive role in serving the community. KBCC Students Union has its own slogan Union by the students, for the students, of the students. The Students Union also organises Freshers Welcome, Saraswati Puja, Annual Social Function and Annual Sports.

College Websites:

The college has its own website: www.khudirambosecentralcollege.com. All important notices are published in the website for the benefit of the students.

Miscellaneous :

The College has its own auditorium in the name of our distinguished Alumnus Baghajatin
